(use the same storage as biology class)

Lisa's Classes

Hello dear Longview Families,

The material list that each family provides for their student this year is longer than usual to make certain that high-touch art supply items are kept personal in individual student bins. Longview will also provide many materials for those individualized bins that are not listed. In case a specialized tool is needed, know that I will be disinfecting that tool prior to the next student using it. If you have any questions or concerns, please do not hesitate to contact me. If the materials list does not fit your needs, the list is flexible and we will work to find a way for each student artist to feel like they have what they need to express themselves creatively. Thank you and I can't wait to begin making art with your kids.- Lisa, lisa@longviewschool.org

Elementary School Music

4 wooden spoons

Art for Creativity

1 bound sketchbook, preferably 90 pound or heavier 9 x 12 or 11 x 14
1 small sketchbook for taking on the go
A plastic dish bin (to store individual materials in classroom)
Set of markers
3 permanent black pens/markers of different thickness
1 pair scissors
2 glue sticks
1 Roll of scotch tape
Set of oil pastels
Set of watercolor pencils
Drawing Pencils HB 4B 6B
2 Ebony drawing pencils
1 hand pencil sharpener
1 each gum or rubber eraser and kneaded eraser
Ziplock bag or pencil case: some way of carrying around drawing materials without losing them

Handbuilding Clay and Other Pliable Materials

1 sketchbook, preferably 80 pound or heavier. Size (student choice, anywhere between 5x8 to 9x12...larger fine too, if preferred)

A plastic dish bin (to store individual materials in classroom)

1 Large box of baking soda

2 boxes of cornstarch

One bag of most inexpensive white flour

One large cylinder of inexpensive salt

Roll of blue shop towels

Vegetable oil, small jar

3 rolls of masking tape

Roll of foil

Butter knife

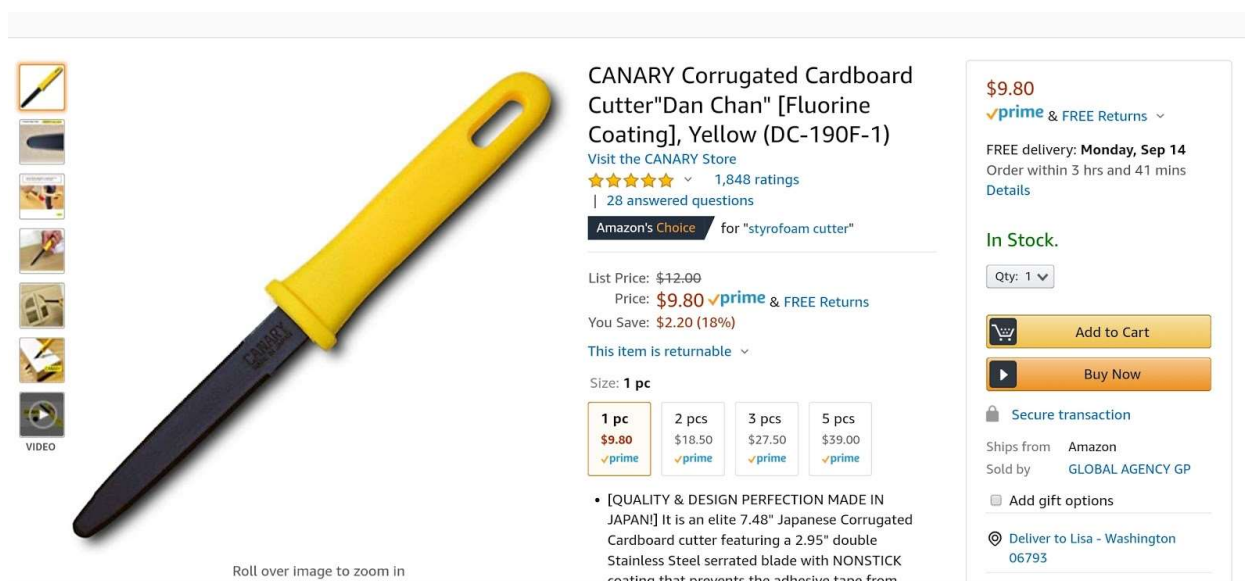

1 roll Blue paper shop towels

White glue (med bottle)

Small low-temp hot glue gun and glue sticks

Loaf of super inexpensive white bread (when time comes)

Cardboard cutter like picture shown. Something like this is also sold at home depot. A short bread knife works great too. A pumpkin carving tool is another option. This is a safe alternative to what a utility knife is typically used for. Please send what you feel comfortable with your children using to cut corrugated cardboard.

The image shows an Amazon product listing for a yellow-handled cardboard cutter. The main image shows the cutter with a yellow handle and a black blade. To the left of the main image is a vertical strip of smaller images showing the cutter in use. Below the main image is a 'VIDEO' icon. To the right of the image is the product title, price, and other details.
